

INVITATION - Soil Health Field Day

You are invited to a Soil Health Field Day

“Tackling soil acidification and other problems”
to be held at Springsure Hill, property of Carolyn
Ferguson and Clancy Batty,
492 Mizpah Settlement Road, Buln Buln East
Wednesday 10 March 2010
10.00am to 3.00pm (lunch provided)

This day is relevant for beef & sheep farmers. As well as
looking at soil acidity, its impacts on production, and the
options for reversing soil acidification, we will explore several
other issues related to soil health in Gippsland. These include
the functions of soil biology and the impacts of different land
management practices.

Guest Speakers

Doug Crawford, DPI Healthy Soils Program
“Soil acidity and impact on pasture production”

Mark Conyers, DPI NSW
“Improving soil health and dealing with soil acidification”

Gwyn Jones, HealthyAg
“Healthy Soils Sustainable Farms”

RSVP

Jenny O’Sullivan ph. 5663 2386 or 0427 086 087 by
Friday 5 March 2010.

This day is the third of a series of eight days held across
West Gippsland and is brought to you by the Healthy
Soils, Sustainable Farms – Tackling Acidification in West
Gippsland Project funded by Caring for our Country.
